

CAREER OPPORTUNITY FOR A COASTAL ENGINEER

MRD Associates, Inc. is a coastal and marine engineering firm located in Destin, Florida. We have the immediate need for a highly motivated Coastal or Waterfront Engineer (or a Civil Engineer with Coastal emphasis) to assist with the growing demand for our engineering services.

REPRESENTATIVE PROJECTS

- Coastal projects including data collection and analysis, beach and dune restoration, coastal structures, and coastal development services
- Marinas, small-craft harbors, waterfront developments, and marina related amenities.
- Marine structures such as bulkheads, seawalls, revetments, docks, boat ramps and piers.
- Civil design projects such as waterfront parks, marinas, stormwater management.
- FEMA Flood Studies for CLOMRs/LOMR's and establishment of BFE's and SFHA's.

QUALIFICATIONS AND SKILLS

- Master's Degree in coastal, ocean, civil or related engineering discipline. (Bachelor's considered)
- Professional Engineer or Engineering Intern if on track to obtain PE.
- Knowledge of latest AISC, ACI, ASCE 7, ASD, LRFD, and AWS Codes and Standards.
- In depth understanding of the coastal and marine environment.
- Proficiency in computers – ACAD, numerical modeling (waves, hydrodynamic, sediment and pollutant transport, and hydraulic and hydrologic), structural analysis software (i.e., STAAD) or similar.
- Strong knowledge and experience in the planning and design of coastal and waterfront projects.
- Ability to prioritize, meet deadlines, multi-task, high-quality production with attention to details.
- Ability to work independently or as a team player with strong organizational skills.
- Be a U.S. citizen or already holding a permanent work visa is required.

KEY RESPONSIBILITIES

- Provide personalized service for our clients from concept and design to delivery.
- Collect and analyze data including field investigations.
- Develop engineering and economic feasibility reports, and design.
- Coordinate with team members and sub-consultants.
- Prepare construction drawings, specifications, and estimates of probable costs.
- Manage all aspects of multiple projects and deliver on-time and under budget.
- Travel may be required for site investigations and construction administration.
- Assist in the marketing of the firm to bring in new work.

SALARY AND BENEFITS

Salary will be commensurate with qualifications and experience. Financial assistance may be available for relocation. Benefits include: Matching 401k, Profit-sharing, Comprehensive Health, Vision and Dental Insurance and, a Comprehensive Leave Package. EOE.
